

MARX RECASTS

(U.S.A., etc...) 45mm, 54mm, 60mm and 70mm soft plastic figures and soft and hard plastic accessories.

For many collectors, some of life's fondest memories revolve around their Marx figures. For most, these memories are hazy because their mothers threw out their soldiers when they moved away from home. The dream of rebuilding a long-lost collection has now become a reality because many Marx molds were used again in the 1980s and 1990s to turn out these "RECAST" figures. And though colors and plastic types may vary, these are the answer to many, many silent prayers. *Please note: because almost all these Marx recasts are out of production, we sell them in "as-is" condition. We cannot replace items which have molding flaws and other damage.*
