

FENCIBLES

(U.S.A.) 54mm, 51mm and HO scale painted and unpainted plastic figures and accessories.

FEN002 Painted Trojan Warriors (60mm) 16 figures in 8 poses, plus 2 horses in 2 poses. These superbly sculpted figures are among the best we carry! We use these as Trojans, but they can also pass muster as Greeks from the Trojan, Alexandrian and Peloponnesian Wars. Use them alongside the Conte Spartans, too!..... \$ 24.00

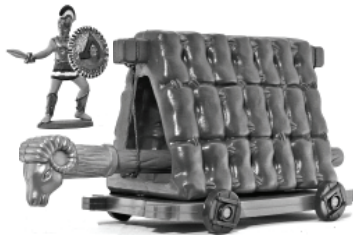

FEN002a Painted Roman Infantry and Auxilliary Cavalry (60mm) 16 figures in 16 poses, plus 4 horses in 4 poses. An amazing assortment of poses. Beautifully sculpted, reasonably priced, and one of our favorite sets of Romans. \$ 20.00

FEN007 Painted Viking Warriors (60mm) 24 figures in 12 different poses, plus 8 horses in 4 poses. These are the best Vikings since Conte, and painted, too. \$ 24.00

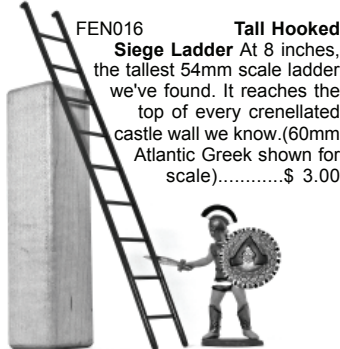

FEN008 Crusader Knights 24 painted figures in 12 poses plus 8 painted soft plastic horses in 4 poses. Armored in chain mail, appropriate for knights and men at arms such as Normans, El Cid's Spanish army, most other Euroean hosts. \$ 24.00

Battering Ram (54mm)
FEN013 By far the best toy ram we've seen in 40 years! Approach the walls under cover, as the ram is protected against boiling oil and arrows by a "house" of animal hides. (60mm figure is shown for scale). \$ 12.00

Siege Catapult (54mm)
FEN014 This working model launches its huge stone missiles when you smack the counterweight. The biggest catapult we carry. (60mm figure is shown for scale). \$ 7.00

FEN016 Tall Hooked Siege Ladder At 8 inches, the tallest 54mm scale ladder we've found. It reaches the top of every crenellated castle wall we know. (60mm Atlantic Greek shown for scale). \$ 3.00

FEN018 Painted Crusader Knights set #2 16 figures in 16 poses with 4 horses. There are 4 different Crusading orders here, including Hospitaliers, Templars and Teutonic Knights. The figures are armored in chain mail, carry authentic kite shields, and bear weapons such as lances, swords, battle axes, spears, a halberd, a billhook and a cross-bow. Use these as Norman, French, German, Spanish, Italian and British knights and men at arms. \$ 20.00

FEN019 Saracen Warriors with War Camels set #1 (60mm) 12 figures in 6 poses with 4 war camels. \$ 20.00

FEN020 Saracen Warriors with War Camels set #2 12 figures in 6 poses with 4 war camels. \$ 20.00

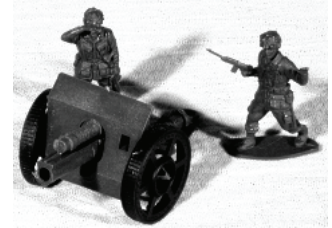

FEN58 Stone Throwing Catapult This excellent siege catapult throws miniature grey stones (included) when you tap the counterweight. (54mm figures shown for scale) \$ 6.00

FEN061 Wheeled Battering Ram (12-piece working model) Roll this baby up to an unfriendly town and watch the populace panic. No siege train should be without one. (54mm figure shown for scale) \$ 9.00

FEN033 Log Battering Ram This primitive device can get the job done. The besiegers simply chopped down a big, thick tree, sharpened the end and mounted it on wheels. The rest is left to momentum and brute strength. Measures 4.5 inches long, 2 inches high and 1.75 inches wide. (54mm figure shown for scale) \$ 6.00

FEN069 Field Gun (54mm) A great cannon for the First or Second World War. Trail hitch allows it to be towed by a caisson or vehicle. .. \$ 6.00

FEN037 Ancient Egyptian Infantry (60mm) 12 hand-painted soft plastic figures in 8 poses. \$ 13.50

FEN038 World War II Russian Infantry (54mm) 12 hand-painted plastic figures in 12 poses. \$ 9.00

FEN068 18th-19th Century Cannon (54mm figure shown for scale). \$ 8.95

FEN036 Napoleonic Russian Infantry - Hand Painted Figures (60mm) 16 figures in 16 poses plus 2 horses and a painted field piece. The figures are cast in white plastic, with details painted on. \$ 19.95

Modern U.S. Infantry (54mm)
FEN087 40 figures in 10 poses, wearing modern helmets (many with goggles pushed up), assorted belting configurations, a variety of rifles and automatic weapons, laced boots. Green color. \$ 7.00
