

# TSC HOBBY SHOP

## PAINTS, TOOLS AND SUPPLIES

### Free upon request:

Just ask for copies the next time you order:

**An introduction to figure painting.** How to prepare and paint toy soldiers.  
**Animating toy soldiers.** An illustrated step-by-step walk-through of how to make entirely new soldiers out of existing plastic figures.

### Humbrol Paints

(England) Enamel-based paints in authentic military colors.

These paints are specifically mixed for use in painting military subjects. I've been using them on my own soldiers since 1970, and have decorated over 30,000 figures for customers, wargames and displays. Humbrol is suitable for plastic and lead soldiers.

### Painter's Kits

We combine a diverse assortment of goods into paint kits, supplying all you'll need in order to paint figures (except the figures). Each kit includes 12-25 paints, 3 paint brushes, a can of thinner, a Humbrol Color Chart showing all the colors they produce and an introduction to figure painting prepared by us.

Prices on these kits average: \$ 95.00 - \$115.00 for a single army  
 \$125.00 - \$165.00 for 2 sides in a conflict (such as North and South in the Civil War, French and British in the Napoleonic Wars, Japanese and U.S. Marines for the WIWI Pacific Campaign).

Please call Jamie to discuss your needs and he'll tailor a paint kit for you.
