## PAINTS, TOOLS AND SUPPLIES

### Humbrol Paints

(England) Enamel-based paints in authentic military colors.

These paints are specifically mixed for use in painting military subjects. I've been using them on my own soldiers since 1970, and have decorated over 30,000 figures for customers, wargames and displays. Humbrol is suitable for plastic and lead soldiers.

### Painter's Kits

We combine a diverse assortment of goods into paint kits, supplying all you'll need in order to paint figures (except the figures). Each kit includes 12-25 paints, 3 paint brushes, a can of thinner, a Humbrol Color Chart showing all the colors they produce and an introduction to figure painting prepared by us.

Prices on these kits average: \$ 95.00 - \$115.00 for a single army \$125.00 - \$165.00 for 2 sides in a conflict (such as North and South in the Civil War, French and British in the Napoleonic Wars, Japanese and U.S. Marines for the WIWI Pacific Campaign).

Please call Jamie to discuss your needs and he'll tailor a paint kit for you.

## Side Cutter - Our best tool!

66-04 **Side Cutter** When you have to cut parts off sprues, such as sets of HO or 54mm figures, model kits and other hobby areas, this Games Workshop Side Cutter is the perfect tool. We have 4 in circulation around the warehouse, all of which seem to be in constant use. This is the most useful tool we sell, and the best investment you'll ever make if you want to save time over the next 50 years of your collecting life. .... \$ 15.00

FEN505 **99% Precision Dice - Red** When I play games, I want the "truest" possible dice rolls. I count on an accurate percentage chance for every throw. With these dice, the manufacturer guarantees you the truest dice roll outside of the extremely expensive "casino" quality dice you can buy for 3 times the price! These are 99% as "true" as the higher-priced brand. 3 pair of red 6-sided dice with white spots. .... \$ 33.00
